

Color By Kristin is distributed by **Classic Elite Yarns** and available at your local yarn store. **Color By Kristin** is spun by the same mill in Peru as was the **Julia**. It is the same exact yarn as **Julia** which was distributed by Nashua Handknits/Westminster Fibers for many years. Julia is featured in both of my recent knitting books - **Color By Kristin** (Sixth and Spring Books, 2009) and **Kristin Knits** (Storey, 2007). It was also used in most of my PDF Download Patterns available on my website.

This is a comparison of the **Color by Kristin Colors** and the **Julia Colors**
